

Harold Balazs

Artist: Harold Balazs

Title: Sole Proprietor, Mead Art Works

Date(s): "Been doing it for 20 years."

Physical Description: Thousands of low-fired clay "fossils", imprinted with text and image, approximately 1 1/2" diameter.

Distribution: "Every place I've ever been."

Project Description: "We wander around, leaving these things in places where we hope they will be found. I give them to others to do the same. Our grandchildren make some of them when they visit ... These things have been scattered all over, including the Australian outback where we saw signs forbidding the removal of artifacts ... it said nothing about leaving them ... Alaska has a thousand, more or less ... the stream banks and beaches in our area have many, as do the flower boxes in many cities."
