

Elaine McMillion Sheldon

Artist: Elaine McMillion Sheldon

Title: Hollow

Date(s): Launched on June 20, 2013

Physical Description: Interactive narrative online at hollowdocumentary.com

Project Description: Hollow is an interactive documentary and community participatory project that examines the future of rural America through the eyes and voices of those living in McDowell County, W.Va. Hollow combines video portraits, data visualizations, photography, soundscapes, community-generated content and grassroots mapping to bring these stories to life through an online experience.
