## HOW TO USE THE SYSTEM

### Please remember...

You may smoke only on the upper deck of buses and not at all on single-deckers. For safety's sake standing is never allowed on the platform—or on the upper deck of double-deckers.

**Artist:** Lauren Gohara  
**Title:** San Julian & Fifth  
**Date:** April 21, 1993  
**Physical Description:** 20 photos & drawings, traded for objects.

**Distribution:** Corner of San Julian Street & Fifth Street in downtown Los Angeles.

**Project Description:** "I was interested in getting art into the hands of people who might not ordinarily have ready access to viewing it, let alone owning it. Rather than give away my work, however, I sought an exchange, not of cash which some people might be short of, but of some possession which ideally had some value to the trader. I chose a corner close to the Los Angeles Mission, and, for two hours one afternoon, traded approximately 20 drawings and paintings for whatever people were willing and able to part with. I tried at first to record who was choosing what piece, but lost track as the crowd grew larger and the afternoon wore on."
